# 12 Volt Real AC Units

## RAC 200-1-12

### 12 Volt RAC Unit 200 CFPM Louver Vents

The REAL A/C UNIT is a self contained, completely portable a/c unit with compressor and 134A refrigerant.

It is perfect for multi-passenger aircraft.

This unit fits right in the luggage compartment.

The Unit can be installed or removed in a matter of minutes.

If power source will give us 27 amps of power at 12 volts, the unit will put out 7,000 BTUs of a/c.

If power source will give us 19 amps of power at 12 volts, the unit will put out 5,000 BTUs of A/C

Condensation is routed from inside the unit thru a condensation disposal hose and collected in a reservoir of your choice or just allowed to drain outside the airplane or application you choose.

Exhaust air is vented out rear of the unit using a flexible hose attached to the rear of the unit and routed where you like.

Weight: 42 lbs.

Dimensions: 13"W x 19"H x 13 D

**FREE SHIPPING Lower US Only**

**\$4419.95**
